

Ballard County, KY 64 Aerial Map

Through part IV. of the deed, this easement is currently allowed undeveloped access trails, mowing of embankments, non-permanent hunting structures, shallow water area management. There are 2 acres of food plots allowed on the easement in the pool area not to exceed 25% of each pool area, and this one has a hunting pit in the center of the east shallow water area. These Compatible Uses are allowed at NRCS's discretion on a 5 year basis.

The image below shows the access trails in yellow, embankments in blue, and a water control structure is the red triangle. The non-permanent hunting structures can be placed anywhere on the easement.
